

Meet us at the AUTOHAUS Efficiency Forum

10. October 2024

We will be there for you: On November 19, 2024, the efficiency forum of the trade magazine AUTOHAUS will take place in Kassel. And ATBAS will be there for you.

Digitalization is essential for the automotive industry, but it should not be carried out solely for the purpose of digitalization itself. The digital future of the automotive industry should simplify processes, speed up tasks and combat the skills shortage. There will be deep dives and best practice discussions with dealer participation to bring you up to speed. Come to the forum and meet us. Come and talk to us, where we will provide you with individual information and advice.

[Participation is free of charge - Register now](#)

WHEN: 19.11.2024, 11 a.m. to 6 p.m.

WHERE: Kassel Kongress Palais, Holger-Börner-Platz 1, 34119 Kassel

[Take the chance! Register now free of charge.”](#)
